

LWW2502 - Progress Presentation

Date: 2026-02-02

Part 1: What we've done last 2 weeks

- Implement the following features
 - BM25 and hybrid retrieval
 - Tiered entity matching
 - Hallucination mitigation
- Implement UI display (using Gradio)

- Fix the following bugs
 - NLI key mismatch
 - missing generator logits
 - Not able to get the actual primary evidence

Part 2: What we're doing next 2 weeks

- Evaluation (to be done by Barry)
 - RAGTruth

- Citebench
- Implement any enhancement based on evaluation results
- Fix any bugs found during evaluation
